

HEALTH

Hospital List

Where can I get treatment?

As a **Health+** member, you have access to leading private facilities throughout the UK which provide quality medical care.

You can choose from three different lists:

Essential

Includes hospitals from the largest hospital groups and NHS private patient units.

Standard

Extends the coverage of the Essential list to include independent hospitals and clinics.

Extended

Offers the widest choice and provides access to a greater number of London hospitals.

If you already have a **Health+** policy, please check your Policy Certificate to find out which hospital list you are covered on.

Please note you are only eligible for treatment at hospitals on your chosen list. Hospital lists often change as hospitals and clinics are added or removed, so you should always check with us before arranging treatment on **0300 123 3253**.
